

SIGNED THE PARTNERSHIP WITH AREL

WKE WORLD KEY ENERGY will sustain on all Distribution approach by the partnership with AREL, Romanian electrician association owned by mr. Joan Faur, which will cover all Romania.

The WKE World Key Energy competitive edge will be the technical team of skilled people stably located and operating in Romania. WKE World Key Energy has opened a commercial and technical office in Timisoara (at EUROCCOPER building) where engineers and sales managers are steadily active on the field in order to support customers and clients.

The WKE World Key Energy management team are a miscellaneous of local and international expert people with a specific experience in Romanian photovoltaic market. Moreover, the technical team will further support by the experience of the **AREL** structure in order to sustain the local sales force and the “day by day” issues of the retailers.

Romanian Association of Electricians was established in 2008 under the provisions of the Government Ordinance no. 26/2006 on associations and foundations, as amended and supplemented.

Romanian Association of Electricians is a professional and works as Romanian legal person governed by private law character no profit whose members are professionals who have acquired power and membership as provided in the Bylaws and these Rules of organization and operation.

AREL, together with **WKE WORLD KEY ENERGY**, will support the installers and retailers for any electrical issues for the mounting of photovoltaic modules and, at the same time, promote the World Key Energy brand toward the customers.

WKE WORLD KEY ENERGY provided their material to **AREL** to **test the quality of their products**. In this way, as well as to test the quality, AREL installers will be **professionally trained** on WKE WORLD KEY ENERGY products, on both residential and industrial plants, to explain and help them to better install a World Key energy photovoltaic system. For this reason World Key Energy suggests to install the photovoltaic plant by an AREL installer.
